Το ChatGPT είπε:

Here is a ready-to-use **pre-reading activity** for your lesson *"The Medical Field and the Role of Nursing Assistants"*, designed for Class B – Healthcare, Welfare and Wellness. It activates students' prior knowledge, introduces key vocabulary, and prepares them to understand the text before reading.

Pre-reading Activity: Working in Healthcare

Level: Vocational healthcare students

Time: 10–15 minutes

Skills: Speaking, vocabulary, prediction

Learning objectives

By the end of the activity, students will be able to identify healthcare professions, recognize key vocabulary, and predict the responsibilities of a nursing assistant.

Activity 1 – Look and Think (3 minutes)

Look at the picture and discuss the following questions with a partner.

1. Where are the people?
2. What is the healthcare worker doing?
3. What tasks do nursing assistants perform?
4. What qualities should a good nursing assistant have?

Teacher's suggested answers:

- They are in a hospital or care home.
- The healthcare worker is helping or caring for a patient.
- Nursing assistants help with hygiene, meals, mobility and comfort.
- They need patience, empathy, respect and good communication skills.

Activity 2 – Match the Words (4 minutes)

Match the words with their meanings. Don't worry if you don't know all the answers!

1. Hygiene

Choose a meaning

2. Compassion

Choose a meaning

3. Empathy

Choose a meaning

4. Mobility

Choose a meaning

5. Vital signs

Choose a meaning

6. Dignity
