

What do I need?

A printed copy of pages
2-3 of this worksheet

Scissors

Glue stick

Coloured pens, pencils or
paints

make your own Globe Theatre

What do I do?

Use your scissors to carefully cut
around the outline of the theatre
templates on pages 2 and 3.

Stick the inside and outside of the
theatre together with the glue. Make
sure the designs are facing outwards.

Decorate both sides of the theatre
with your coloured pens, pencils or
paints.

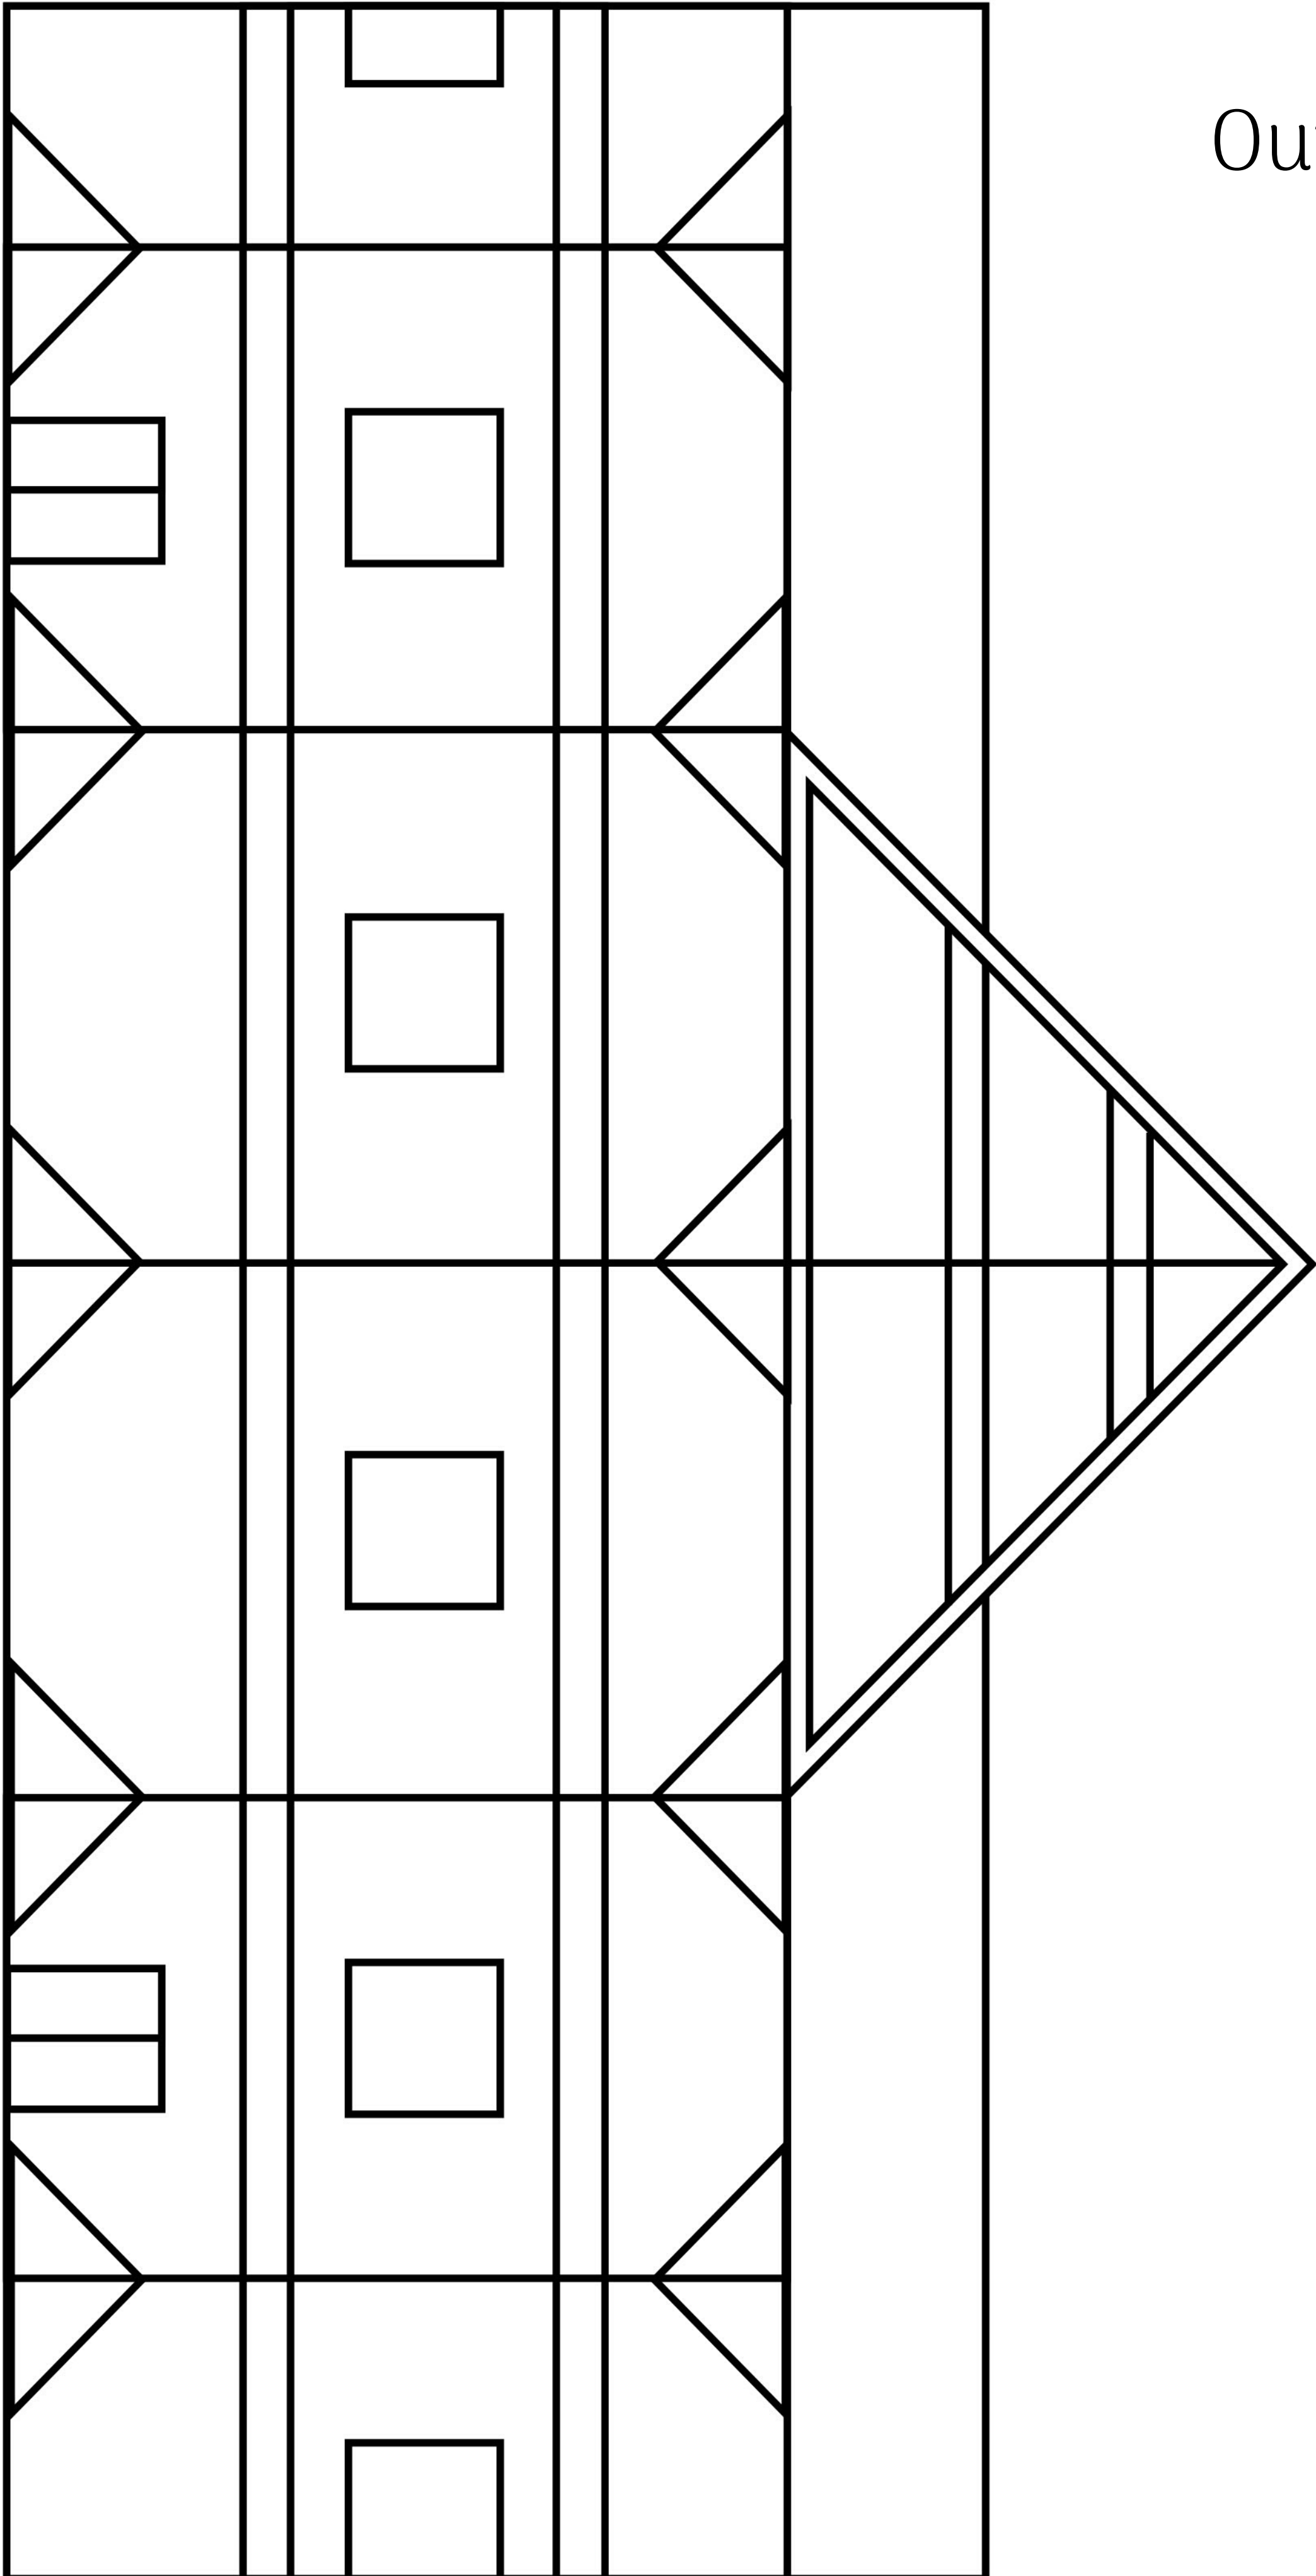

*Tip: You could draw or paint an act on the
stage. What play might they be
performing? Remember to include the
audience!*

Once you've finished decorating your
theatre,* carefully bend the sides into a
cylinder making sure the inside is facing
inwards.

Stick the edges together with glue,
overlapping them by about 1cm.

*If you used paints, you'll need to let
them dry first.
