

Name: _____

Bees are small, buzzing insects. They fly from flower to flower to collect nectar. As they land on flowers, sticky pollen sticks to their bodies. When bees fly to the next flower, the pollen rubs off and moves to that flower. This helps the flowers grow into fruits and vegetables. Bees also use nectar to make honey.

Bees

1. What do bees collect?
 - a) Water
 - b) Pollen
 - c) Nectar

2. What happens when bees move pollen from one flower to another flower?
 - a) The flower gets water
 - b) The flower grows into fruits and vegetables
 - c) The flower sleeps

3. What do bees make from nectar?
 - a) Juice
 - b) Water
 - c) Honey

Name: _____

**In a beehive,
every bee has a job.
The queen bee lays
eggs to grow new
bees. Worker bees clean the
hive, collect nectar, and feed
the baby bees. Bees work
together to keep the hive safe
and busy.**

The Life of a Bee

1. What is the queen bee's job?

- a) To fly to flowers
- b) To lay eggs
- c) To make honey

2. Who gathers nectar?

- a) Worker bees
- b) Queen bees
- c) Drone bees

3. What do bees do in a hive?

- a) Watch TV
- b) Play games
- c) Work together

Name: _____

**Bees are having a hard time.
Some people spray pesticides
on plants to keep bugs away.
These sprays can also hurt
bees. There are also fewer flowers
in some places, so bees have less
food. We can help by planting
flowers and keeping gardens
safe for bees.**

Save the Bees

1. Why do people use pesticides?

- a) To water the plants
- b) To keep bugs away
- c) To make honey

2. What is a problem for bees?

- a) Too many flowers
- b) Cold weather
- c) Not enough flowers

3. How can we help bees?

- a) Plant flowers
- b) Take flowers away
- c) Spray more pesticides

Name: _____

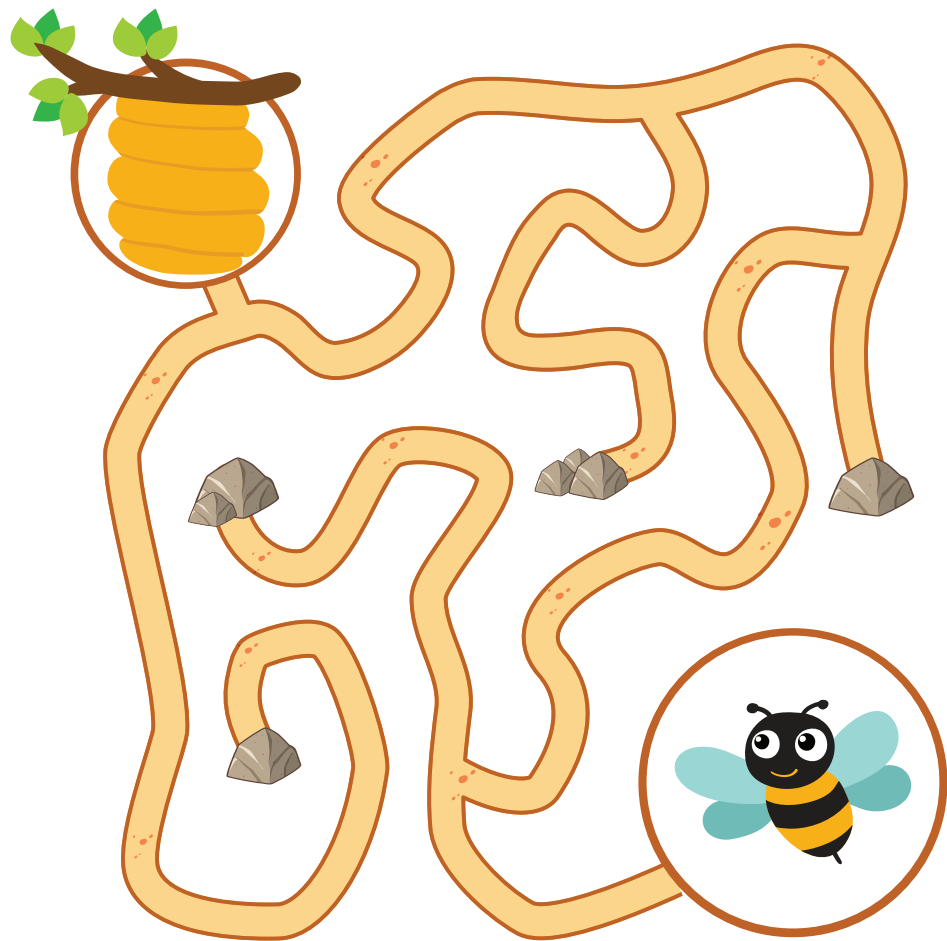

Buzz the bee flew into the garden. He saw red and yellow flowers. Buzz stopped on a flower to collect nectar. As he flew, he spread pollen to other flowers. The flowers smiled as they grew tall and bright.

Busy Bees in the Garden

1. Who is Buzz?
 - a) A bird
 - b) A bee
 - c) A butterfly
2. What did Buzz collect from the flowers?
 - a) Nectar
 - b) Leaves
 - c) Water
3. What happened to the flowers?
 - a) They flew away
 - b) They grew tall and bright
 - c) They fell down

Name: _____

Buzz the bee is lost! Can you help him find his way back to the hive?

Bees need our help! What can you do to help bees stay safe and healthy? Write a few sentences.
