[Let's talk about the club 2.pptx](#)

I will start both lessons by talking about the advantages and disadvantages of a club. Please encourage your students to participate via the chat or raising the hand in the chat and I'll come to you.

The second part of the activity involves making a smoothie to explain through hands-on learning what a Union is. As a teacher, you can choose to make it at the same time as I am, which the students hugely enjoy, or watch me do it.

Getting your students to make the smoothie involves you bringing a blender to class. Please stick an EU flag onto the blender. Then bring boxes of fruit as well as a jug of milk. Each of these ingredients will represent a country. You then go around the classroom and ask each table to put the fruit into the blender. You pick one student or a couple to blend for a few seconds.

Don't forget to bring glasses because the students will want to taste the EU!

Enjoy!!

You can also engage in interactive games on the EU [here](#)
